Valued Exhibitors and Honoured Guests,

Selamat Datang. It is my great pleasure to welcome you to the inaugural Asia Pacific Green Hydrogen Conference & Exhibition (APGH) 2024, scheduled to take place from 10 th to 12 th June 2024 at the Borneo Convention Centre Kuching, Sarawak. This event marks a significant milestone as we gather to position Sarawak at the forefront of the Green Hydrogen Economy.

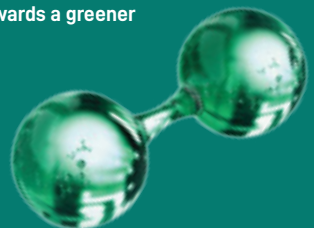

APGH 2024 is crafted as a home-grown Green Hydrogen event, drawing investors, producers, technology providers, collaborators, industry partners, researchers, and delegates from around the world. Our objective is to develop and grow the green hydrogen, fuel cell, and renewable energy-related business ecosystem. This conference and exhibition will serve as a conducive platform and enabler for fostering government-private sector partnerships and mutual benefits.

Over the course of these three days, you will have the opportunity to engage with leading experts, participate in insightful panel discussions, and explore innovative technologies that are shaping the future of Green Hydrogen. Our carefully curated sessions are designed to provide valuable insights into the latest trends, challenges, and opportunities in the Green Hydrogen sector.

We are particularly excited to showcase Sarawak potential as a Green Hydrogen hub, leveraging our abundant renewable resources and strategic location. This event is not just about exchanging ideas but also about forging lasting partnerships that will drive the Green Hydrogen agenda forward.

Your presence and participation are crucial to the success of this event. We believe that the collaborations and connections made here will pave the way for significant advancements in the Green Hydrogen industry. APGH 2024 is set to be a catalyst for innovative solutions and transformative projects that will contribute to a sustainable and cleaner energy landscape. We look forward to welcoming you and witnessing the fruitful collaborations that will emerge from this groundbreaking event. Together, let embark on this journey towards a greener and more sustainable world.

Warm regards,  
Nadzeem Abdul Rahman
